

Parent Volunteer Program

The success of Vallabh Vidya Mandir (VVM) depends upon parental involvement. VVM has experienced continuous growth and support through social activities and weekly enrichment programs with the children. The benefits of the parental involvement have been essential to VVM community life. Please take moment to review VVM's parent volunteer program.

Volunteering: What's in it for me?

Volunteering at VVM may be one of the most important things you can do. Why? Because it sends the very clear message that you're devoting your most precious commodity — yourself — to something that's important to you — their edification. It's an obvious display of support for them, their teachers and the other children that attend VVM with them. Simply put, volunteering is a way to contribute to the greater good of children's growth. By volunteering at VVM, you're telling them "what you do on Sunday matters to me and I want to be a part of it."

Brief description of Programs

Be a Teacher or substitute teacher

This job doesn't provide monetary rewards but it does provide individuals opportunities to share their knowledge and experience to promote cultural values among VVM students. That satisfaction is far more rewarding and it promotes cultural values. Teachers should plan their curriculum in advance and get approved by VVM principal. Teach topics and generate VVM students' interest in respective subject.

VVM also seeks parent involvement as substitute teachers for classrooms. We also need parents who are willing to help support primary teacher for the subject. It is required that such helpers are always plugged in with primary teacher to ensure continuity.

Front desk and support staff

VVM needs volunteers for front desk to ensure that all students and parents are welcomed during the school sessions. They play key role in promoting VVM's image and in providing information ranging from registration to holiday schedules to Parents and students.

VVM also seeks volunteer that can support preparing class materials or simply support back office operations like entering registrations in database, maintaining newsletter publications, email lists etc

The teachers love food! As all teachers are volunteering their time, any parents who like to cook and want to share their food with teachers are cordially invited to help out

with VVM's monthly meetings by catering. In addition volunteers can help coordinate or support with gifts for teachers on special occasions like birthday, mother's day etc

Snacks Co-coordinator and Supervisor

Several VVM parents have been contributing for snacks for VVM students. VVM needs Snacks Co-coordinator to setup snacks table, provide snacks during each break time, clean up after school, manage snacks inventory. Parents can contribute for weekly snacks for VVM students.

Event Management supporter

VVM hosts several community events like "Tea with seniors", Picnic, Carnival, Annual shows etc. These types of events requires lot of effort and volunteers can assist in making such events successful and fun for VVM parents, teachers, students and other community members. VVM is seeking volunteers to support such events.

Facility maintenance

VVM is using VPSS facility but this facility requires regular maintenance just like our own homes - ranging from changing light bulbs to hanging white boards and to organize cabinets. VVM is seeking volunteers that can support regular maintenance and upbringing of VVM facility.

Technology and Public Relations

VVM is seeking parents who can assist with technology setup like computers and sound system. If you are good at taking photographs, be a volunteer during various events for video and photography. Volunteers can also support promoting VVM events with media such as local news papers and radios.

Thanks for volunteering!

Volunteer Form

Please indicate in the blanks below your choice(s) for volunteer opportunities during the coming school year by adding your initials to determine which parent will participate. Please volunteer for as many volunteer opportunities as you can. Parents will be called upon as the need arises for the school or children. Please complete and submit this form with your child's other forms during registrations.

Thank you.
